

Schedule the Flight Evaluation

Please keep in mind that a CAP Pilot Flight Evaluation or a CAP Mission Pilot Checkout typically takes about 4 hours:

- Oral discussion 1-1.5 hrs
- Preflight 30 mins
- Flight 1.5-2 hrs
- Post-flight 30mins

This is if everything goes smoothly. So when scheduling with me for your flight evaluation, be sure to schedule a time that has plenty of leeway. I suggest planning a 6-hour block so there is no rush to finish and be somewhere by xx o'clock.

At this time, I am only available on weekends. Please request a weekend date, and indicate AM or PM (PM only available October through May)

Please fill out the following

Name

Email

Phone

Type of Request

.....CAPF 5 (Be available for 5 hours, plan for 4)@k# \ 7k\ u#

.....CAPF 91 (Be available for 5 hours, plan for 4)

Requested Date

....AM (0700 local)PM (1300 local)
